

# INDUCTION

## Pro Menu

Mobile single induction hob

Quicker and more economical cooking

No hot cooking surface

Intuitive sensor touch operation

### Energy saving & Speed

Due to the modern induction technology the heat is generated directly in the pan. This facilitates quicker and more economical cooking! Allows cooking where ever there is electricity!

### Safety

No hot cooking surface due to the heat being generated by a magnetic field inside the bottom of the pot.

### Precise cooking with SmartControl

12 power and temperature levels allow a very fine adjustment of the temperature needed – perfect to the point.

- + Precise cooking with SMART CONTROL and 12 power levels
