

JUICER

Slow Juicer PJ 800

Powerful juicer

Fresh and healthy

Fit and healthy with fresh juices

Fruits and vegetables have many essential nutrients which are retained 100% during self-made juice. The contained enzymes act as the spark for a vital metabolism to process vitamins and minerals. In the industrial produced juices, these nutrients are enormously reduced as during the processing chain, cold and hot temperature fluctuations affects the ingredients.

- + Vogue, simplicity and rich in streamline design
- + Power: 800 watt
- + 3" diameter large feeding tube available for jucing a whole apple, pear, carrot etc
