# HOT WATER DISPENSER

Model: 11862

## HW 400

### Turbo hot water dispenser

Intuitive operation with rotary control

The CASO turbo hot water dispenser heats the water to the desired temperature within seconds. A waiting time like a kettle is eliminated, so hot water is directly available.

No long waiting time - get hot water at the push of a button. Saving water - just consume as much as needed. Precise temperature control - avoids for example preparing baby food too hot.

- + **Heats water to a boil (212°F) in just 8 seconds**
- + Six adjustable temperatures to accommodate the correct temperatures of different beverages. Such as all varieties of teas, French press coffee, cup of soup and many more.
- + Perfect portion control with the press of a button
- + Removable tank of 74fl oz with water filter
- + 50% energy saving compared to kettles
- + powerful 1800 Watt heating element
- + Elegant design with stainless steel accents

Removable water tank, capacity: 74 fl oz

# HW 400

## FEATURES

Boiling water in 8 seconds

TEA
